

REMARKS

By this Amendment, Applicant has made the necessary correction to include reference numeral 15 in the specification. The reference pressing movement was discussed in the specification (substitute specification page 7 line 16 and 17). With this addition the number is referenced.

It is requested that this change be accepted.

As all objected to issues have been resolved it is requested that the drawings be approved.

Respectfully submitted
For Applicant,

By:

John James McGlew
